#### **The International Education Scholarship Story**

This scholarship was established in 1992 by Dr. Reginald Brady, Director for the International Student Center. Dr. Brady saw the need to establish a scholarship fund for International Students because international students are not eligible for any of the scholarships, financial aid, or other types of funding available to American students. Many benefactors contribute money to Los Angeles City College International Education Program for the express purpose of helping international students defray the cost of attending college in a foreign country.
