**Applications available only from the Counseling Department**

**Semester Awarded:** Spring  
**Deadline to Apply:** March 26

---

### The Stein Josephs Story

Dr. Ruth Stein served as a professor in the Life Sciences Department and as a counselor at LACC from 1946 to 1978. During her tenure, Dr. Stein taught every course offered in the Life Sciences Department. As a counselor, she worked to upgrade the College catalog—in addition to performing her regular duties.

The funds for the scholarship were donated by Dr. Stein's many friends and colleagues in her memory.

Shirley Josephs was also a counselor at LACC. She was on staff from 1976 to 1979. Ms. Josephs handled many public relations tasks for the Counseling Department, including editing the first newsletter produced by the department. Because of her own experiences, Shirley Josephs had a particular interest in the problems of older women returning to college.

Her scholarship was established as a living memorial to honor and continue the work she did at LACC, particularly in the area of older women returning to school after raising their families.
